GIALLO ORNAMENTAL

Description

Giallo Ornamental has a beautiful pale golden hue, spotted with warm browns and rich blacks. This granite is gorgeous in commercials and residential spaces, on floors, full-size backsplashes, walls and is also an ideal choice for countertops. Giallo Ornamental is from Brazil, one of the largest natural stone exporters in the world. Not only does Brazil offer its visitors a fascinating culture, its geodiversity allows it to create a stone such as Giallo Ornamental; warm with a subtle movement that will have those who incorporate a parcel of this Brazilian jewel dreaming of golden sunsets by the sea.
