ORNAMENTAL LIGHT

GRANITE
BRAZIL

ORNAMENTAL LIGHT

Description

Ornamental Light is extracted from one of the largest quarries in the northern region of Espirito Santo, Brazil, renowned for its beautiful beaches, coastal cuisine and sand dunes. The stone's structure is very regular between lots, but certain variations may occur in the movement and veining. Ornamental Light is a granite with an off-white and grey background with a brown veining, a reminder of the region's beaches. Not only does Brazil offer its visitor a fascinating culture, its geodiversity enables it to create a stone such as the Ornamental Light, bringing warmth and authenticity to the homes of those lucky enough to incorporate a parcel of this Brazilian jewel. This granite is ideal for commercial and residential applications.
